

## **Pine Mountain Club**

Property Owners Association, Inc.  
Environmental Office

### **SOLAR PROJECT REQUIREMENTS**

Attached is the solar permit application. Please review carefully. The application must be signed by the owner of the property. To be included in the Environmental Control Committee (ECC) meeting and to be recommended for approval, held on the **FIRST** Friday of every month, all paperwork, including the application, the \$300 fee and 2 sets of solar drawings either 8x10" or 11x17" must be in the EC office one week, (7) days prior to the meeting. After the EC Committee recommends your project be approved, it will be forwarded to the Board of Directors for their final approval on the **THIRD** Saturday of the same month. The approval will be given to the EC office after which you will be given the consent to proceed with your project. **DO NOT** start until you receive confirmation from the EC office, as it will just delay your refund. We are very strict with our requirements. **NO EXCEPTIONS.** If you have any questions after reviewing the permit, don't hesitate to call Joe Ladin at ext. 212, or myself, Kay at ext. 213
